ABOUT IXL

IXL is an immersive online programme that improves student understanding, performance and confidence in maths and English. We create a differentiated learning environment that generates questions at the right level of rigour for every student and continues to adapt with students as they grow. With an unmatched comprehensiveness of over 4,000 technology-enhanced skills, IXL helps students at every level excel.

OUR MISSION

At IXL Learning, we are passionate about creating and supporting the best educational technology possible. We develop first-of-their-kind products used by millions of learners, from children to adults. People count on us to make learning as effective as it can be, and we are deeply committed to solving the real-world challenges faced by students and teachers around the planet.

PERSONALISED INSTRUCTION & DIFFERENTIATED LEARNING

IXL skills are carefully crafted to introduce new concepts at the right time and in the perfect order, like building blocks that guide students toward fluency. We break down complex skills into distinct levels, and as students complete each level, they move on to a more challenging level. IXL's Strategically Mapped Progression™ allows all students to build up knowledge from easier to more rigorous content and master skills at their own pace.

IMPLEMENTATION MODELS

Schools around the world are using IXL's flexible platform to provide personalised support in a variety of settings:

- Whole-class instruction
- Flipped classroom
- Homework
- Intervention
- Computer lab
- One-to-one
- Standards prep
- ...and more!

TRACKING AND REPORTING

IXL Analytics provides actionable insights so teachers can teach smarter. The easy-to-use, intuitive reports help teachers monitor classroom performance, pinpoint trouble spots in real-time and guide individual students and entire classes toward mastery.

PROFESSIONAL LEARNING SERVICES

IXL is proud to provide a broad range of professional development resources for educators. Our professional development packages are customised to meet your school's needs and include live webinars, on-site trainings and personalised consulting from IXL's instructional specialists.

MOBILE: IXL FOR IPAD, ANDROID AND KINDLE

IXL's pioneering software has been tailor-made for the tablet experience, combining all the functionality of our website and a host of unique tablet-only features. Whether you have a few tablets, a full-fledged 1:1 initiative or just student tablet access at home, IXL can make maths and English an on-the-go experience.

PARENT INVOLVEMENT

IXL is committed to helping teachers and parents bridge the gap between home and school. With at-home access to IXL, parents can easily track their child's progress with intuitive reports from IXL Analytics. As students reinforce the skills they learn in school, parents have the tools they need to provide support and guidance at home.
